

# MINI PAWNEE

EXTACTORS - STEAM GENERATORS  
RELIABLE POWERFUL  
MULTI - PURPOSE

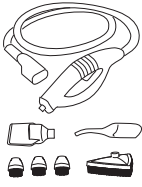

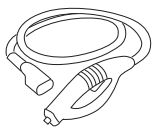

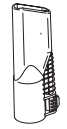

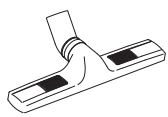

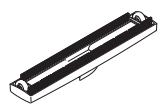

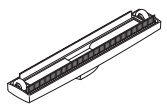

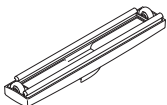

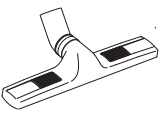

| Technical data                   |      |                       |
|----------------------------------|------|-----------------------|
| Power supply                     | V-Hz | 220/240 - 50/60       |
| Vacuum engine                    | W    | 1000                  |
| Boiler heating element           | W    | 1800                  |
| Steam pressure                   | bar  | 4,5 ± 0,3             |
| Boiler inner steam temperature   | °C   | 150                   |
| Boiler volume                    | l    | 2,6                   |
| Dirt collection tank capacity    | l    | 9                     |
| Control panel supply             | V    | 12                    |
| Boiler cap with safety valve     | bar  | 7,0 ± 0,3             |
| Safety valve                     | bar  | 6,5 ± 0,3             |
| Boiler material                  |      | Stainless steel 18/10 |
| Pressure switch                  | bar  | 4,5 ± 0,3             |
| Thermostat                       | °C   | 230                   |
| Thermal fuse                     | °C   | 318                   |
| PCB                              | V    | 220/12                |
| Feeding cable                    | m    | 6                     |
| Dimensions (height,width,lenght) | mm   | 534x393x430           |
| Weight                           | Kg   | 13                    |

## Standard accessories MINI PAWNEE

|   |  |  |   |
|---|--|--|---|
| <b>Steam/vacuum grip</b><br><br>2,5 m      | <b>Rigid extensions</b><br><br>300 mm   | <b>Floor brush</b><br><br>300 mm      | <b>Dust chassis</b><br><br>300 mm                        |
| <b>Liquid vacuum chassis</b><br><br>300 mm | <b>Upholstery chassis</b><br><br>300 mm | <b>Glass washer 250</b><br><br>250 mm | <b>Glass washer 150</b><br><br>150 mm                    |
| <b>Bristled brush insert</b><br><br>150 mm | <b>Rubber insert</b><br><br>150 mm      | <b>Steam lance</b><br><br>150 mm      | <b>Ø 30 brushes</b><br><br>3 Nylon<br>1 steel<br>1 brass |
| <b>Flat lance</b><br>                      | <b>Nozzle 80</b><br><br>80 mm           | <b>Plunger</b><br>                   | <b>Trasparent nozzle</b><br>                             |
| <b>Novaltec Multigrass</b><br>            | <b>Sprayer</b><br>                     | <b>Filler funnel</b><br>             | <b>Anti-scale vials</b><br><br>5 pz                       |

## Optional accessories

|   |  |  |   |   |  |
|---|--|--|---|---|--|
| <b>Steam only wand kit</b><br>                     | <b>Steam tube</b><br><br>2,5 m    4 m               | <b>Ø 30 brushes</b><br><br>3 Nylon                            | <b>Small triangular</b><br>                       | <b>Scraper</b><br> | <b>Only steam lance</b><br> |
| <b>Ø 60 brushes</b><br><br>Nylon    Steel    Brass | <b>Vacuuming steam brush soft bristle</b><br>       | <b>Vacuuming steam lance with nozzle</b><br>                 | <b>Bristled brass brush insert</b><br><br>150 mm |   |  |
| <b>Floor brush</b><br><br>430 mm                   | <b>Dust chassis</b><br><br>430 mm                   | <b>Liquid vacuum chassis</b><br><br>430 mm                   | <b>Upholstery chassis</b><br><br>430 mm          |   |  |
| <b>Reinforced brass floor brush</b><br><br>430 mm  | <b>Reinforced brass steam chamber</b><br><br>300 mm | <b>Reinforced brass steam chamber</b><br><br>430 mm    300 mm | <b>Handle grip</b><br><br>4 m                    |   |  |
| <b>Tank Multigrass 5 L</b><br><br>5 L              |  |  |   |   |  |
